Experience

Software Engineer Intern at Khalis Foundation / Jun 2021 - Jul 2021

- Built main components and mechanics of the vocabulary game, using React Native, Node JS, Redux and other technologies.
- Evaluated code of peers to ensure that it is valid, is properly structured, meets industry standards and is compatible with devices.
- Conferred with management daily to prioritize needs, resolve conflicts, develop content criteria and choose solutions.

Computer Science Tutoring at NJIT / Jan 2021 - May 2021

- Tutored Courses which taught Python, Java and Computer Science concepts
- Helped students understand basic programming concepts like variables, loops, data structures, etc.

Education

B.S Computer Science

New Jersey Institute of Technology (Expected graduation May 2024) (GPA: 3.3)

Relevant Coursework

- Introduction to Computer Science (CS 113 - Object Oriented Programming in Java)
- Introduction to Computer Science II (CS 114 - Data Structures & Algorithms in Java)
- Internet Applications (IT 202 - Browser and Client Side Technologies)
- Programming Language Concepts (CS280 - Implemented our own Interpreter in C++)
- Intensive Programming in Linux (CS 288 - Linux programming using MySQL, PHP, Python, C and Bash)
- Database System Design & Management (CS 331 - How to work with and implement Databases)
- Principles of Operating Systems (CS 332 - How basic Operating Systems handle processes and manage memory)
- Intro to Computer Systems (CS 350 - Understanding architecture of computer systems using Assembly Language and C)

Projects

- Created a dropshipping website in PHP that gets its data by scraping sites every 6 hours and putting the data in a SQL database
- Created a Full Stack Application using PHP and MySQL where you can create and delete users, play Sudoku, log in, have competitions, be ranked, and much more
- Wanted a Specific way to read the Sikh Scriptures so made an Application (available on IOS/Android/Web) to do so. The App is used by hundreds of users daily. For more information, visit santhiyapothi.xyz
- More Projects available at giansingh4710.xyz

Skills

Python, C, C++, PHP, Bash, Java, HTML, CSS, Javascript, Node, React JS, React Native, Redux, Git, Linux, MySQL, Webscraping, Selenium, Vim
